March 8, 1956

Comments Pro & Con

It will take a few issues of The Grapevine before all of the kinks will be ironed out. Ye editors didn't lost any weight but we aged ten years trying to grow up to this new standard, and the Northridge Press staff worked all night putting it together in order to have it ready for its deadline of Thursday distribution, so please bear with us for awhile. Everybody has been real swell about it, some complimentary and some with echoes of homesickness for the old "letter from home" style.

Truly, we miss it too and we loved every inch of that gabby letter but it wasn't doing our merchants any good, bless those souls that stayed right with it. They needed larger space to advertise their wares and 100 per cent circulation to warrant the output and so we agreed on this handy size until such a time as Chatsworth needs a larger paper.

We all have so thoroughly enjoyed what Chatsworth has been in the past that it is natural for us to back away from any change but every day finds a change going on and we have to go along with it. We'll endeavor to keep its free and easy style of writing as we have in the past but even that is hard as we don't have the feel of working on waxed masters for use on our own duplicating machine, so you see even ye editors don't like to grow up, but bear with us—it'll take a little time to get used to being city-fied. Read on and have fun.

Our merchants created their businesses to be of service and help to you - support them.

Missile Project

In compliance with our request, Capt. O. M. Hardy from the 47th AAA Brigade at Fort MacArthur, paid Chatsworth a visit last week and gave us this information on the construction of the guided missile project now going on in Oat Mountain.

The NIKE (pronounced ny-kee), named after the goddess of victory of Greek mythology, is the Army's first supersonic anti-aircraft guided missile designed to intercept and destroy the enemy target regardless of the evasive action. It is the first guided missile system to defend American cities against aerial attack, and installations are deployed throughout the United States as an inner ring of defense for industrial, highly populated, and strategic areas.

The Antiaircraft Artillery Missile Battalion is organized with a Headquarters and Headquarters Battery and four anti-aircraft missile batteries. The Headquarters and Headquarters Battery is charged with command, administration, operations, maintenance, supply and communications. Each missile battery consists of two platoons, the battery control platoon and the launching platoon. Each battery is authorized six officers, two warrant officers and 101 enlisted men. Each battery requires from 40 to 50 acres approximately 6-8 acres for the control area and the remainder for the launcher area.

The NIKE system consists of two parts: an expendable missile, and ground-based launching and control equipment. The NIKE is a liquid-fueled supersonic anti-aircraft missile, approximately 20 feet long and about one foot in diameter, with two sets of fins for guidance and steering. The missile and booster weigh slightly more than one ton. (Photographs of the installation are in our office).

NIKE is normally fired from an almost vertical position and can meet an attack from any direction. Each battery is ready to

fire at a moment's notice. Each is on duty 24 hours a day, seven days a week. NIKE is never fired from its operational site except in event of attack; the personnel go to established NIKE firing ranges for regular annual practices.

The ground control equipment consists of a number of major components and these include three radars, a computer, automatic plotting boards, remote control launching racks and power generators. One of the three radars is an acquisition or search radar which detects the approach of distant aircraft. The second is a tracking radar which picks up and tracks the target as it approaches and feeds information regarding its location and movement into the computer. The third radar tracks the missile throughout its flight and reports its movement to the computer. On the basis of this data, directions are sent to the missile telling it where to go to hit the target. The computer, radars and associated control equipment are located at the Battery Control area. The re-equipment is at the Battery Launcher area.

In a typical engagement, warning of the approach of a hostile aircraft will come from the early warning system operated by the Air Force. The acquisition radar continuously information is relayed to battery control.

While the target is still many miles distant, the target tracking radar takes over the designated target. Using information from the target tracking radar, the computer begins recording the path of the hostile aircraft. In the meantime, the missile tracking radar is trained on a missile. At the appropriate moment, the missile is launched. From that instant onward the target and missile tracking radars work in unison, one locked on the target, the other on the missile. On the basis of data from those radars, guidance is provided the missile to intercept the target. Please Turn to Page 3

ROTARY CLUB

Capt. John H. Kinsling of the Valley Division of the Los Angeles Police Force will speak at the regular Wednesday noon Rotary Luncheon on March 14th to thus enlighten the business men on the Police Department's position, past, present and future, on the recent wave of burglaries which is prevalent not only in Chatsworth but the entire San Fernando Valley. He will explain what has been done about the situation in the past, and what they intend to do in the future.

All Chatsworth business men are invited to attend this meeting of vital interest to all, and are asked to contact any Rotarian and inform him of your intention to be present so as to give the Club an idea of the number that will attend the luncheon. Don't forget the date, Wednesday noon, March 14th. Be on hand to get latest information.

Z.A. Case No. 13808

The Zoning Administrator will conduct a public hearing, at which you may be present and be heard, concerning application for zone variance on the easterly one-half of Lot 35, Section 24, Chatsworth Park Tract, located in the A1 Zone at the Southwesterly corner of Plummer Street and Farralene Avenue, Chatsworth District, to permit the construction of two additions to the existing processing building, and to construct and operate near the street intersection of the property an 8 ft. by 16 ft. in size accessory building for the sale of products produced on the property and with incidental offstreet parking area, all in connection with the existing non-conforming cattle dairy located on said property which contains only approximately 5 acres instead of the 20 acres required to automatically permit a dairy in the A1 Zone. Time: Friday, March 16, 1956 at 2 P. m. Place: American Legion Hall, 14541 Sylvan Street, Van Nuys,

Gone On Beyond

Jim Cruikshank suffered a fall in his own driveway at 9954 Andora last Thursday resulting in a fractured hip, was rushed to Sawtelle, went through a successful operation and apparently in the very best of spirits and condition throughout the night and early morning but passed away suddenly at 11:30 on Friday morning. Services were held at Sawtelle last Tuesday morning.

Mr. Cruikshank, who would have been 71 on May 16th, was home and free from pain of his serious complication these last three years and was on his way to the barber shop when he fell. He and his wife, Marian, had been married 39 years and she is at home on Andora.

4-H CLUB

Mrs. Hazel Maybin, chairman of Projects, announces that the public is invited to attend the valley-wide demonstration contest and dress review at our American Legion Hall March 24th, 26th and 28th.

In the demonstration contest of March 24th from 9 a. m. to 2 p. m. members from fourteen valley clubs will participate and demonstrate their ability in various fields of food preparation, safety, livestock, sewing, etc.

On March 26th the participants in the dress review will bring in their handiwork and make out their entry cards; the judging will be done on the 27th, and then on March 28th will be the Fashion Show and Tea from 11 a. m. on, in which about 50 girls will participate. These girls make their own clothes and will be a revelation to all of us to see how talented our teen-age girls are. The winner of the judging will go to Pomona Fair and the winner of Pomona Fair will go on to Davis College up north.

These 4-H Clubs are most grateful to the Chatsworth American Legion for permitting them to use the hall free of charge which is like a gift from heaven and which is the result of the Legion's tremendous interest in all activities which concern youth, and as we all know, youth groups are treasury-poor.

Keep these dates open, particularly the 24th and the 28th.

Woman's Club

Reciprocity Day will be observed at the March 13th meeting of the Chatsworth Woman's Club when presidents and representatives of various West Valley clubs will be special guests. Our president, Mrs. Kate Frost Sheridan, will preside.

The program chairman, Mrs. Robert Cooley, will present a Bates Fabric Show, which promises to be of unusual interest to the members and their guests. Another special feature will be the soloist, Mrs. Scott Bradley, member of the club, who will present an Aria from Figaro, a tribute to Mozart on the 200th anniversary of his death. She will also sing a surprise number, with Mrs. Hubert Lamb as accompanist.

The program will be preceded by a 12:30 luncheon, served by Mmes. G. K. Baile, chairman, Frank Schepler, Jr., Tom Somerville, Michele Kutner, J. Dean Park, Russell McElvain, Edna Holland, Louise Schuh, Alfred Braun, G. O. Vietel, Nick Tendas and Florence Marcoux.

Greeting hostesses will be Mmes. George Cruse, Edward Roach, Frank Rosini, Mary Steele and Arthur Hagerman Armstrong.

At the last meeting of the club, Mrs. John Campbell and Mrs. Guy Clarke were elected as delegates to the annual convention of the County Federation of Women's Clubs to be held March 12th at the Biltmore Hotel. Mrs. Somerville was elected as alternate.

Another important matter taken up was the authorization of letters to be written to the Planning Commission, the City Council and the Recreation and Park Commission, asking that the cork oak trees that are being dug up along Devonshire be replaced. These trees are nearly extinct and the club is greatly concerned about their wanton destruction.

AMERICAN LEGION

Our Post was host for the 20th District officers for their monthly meeting Feb. 27th at the Hall. The meeting was preceded by a dinner prepared and served by our Legion members and ninety guests were served old-fashioned stew, and finished off with apple pie and cheese. Fifty more guests came in later for the meeting. District Commandr, Andy Hunsaker, and his entire corps of officers, except one, were present for the occasion. It is the custom of the local Post to entertain for the District meeting once a year and this was it.

Cub Scouts 226

Our cubs had a grand day last Saturday when they went to Marineland. Transportation was provided by Ray Johnson Jr. John (Keith) Andes, Al Morgan, Allen Pettebone, John Pauly with cubmaster Carl Henneman driving Mr. Hosier's car were accompanied by Frank Stricklin, Jr. and Mr. Hosler. It is reported that the men had as great a time as the thirty or more boys who went.

The Pack is planning a cooked food sale for Saturday, March 17th, at Chatsworth Market to obtain funds for their handcraft and other activities. This Pack is also sponsored by the Chatsworth P.T.A.

Canoga High PTA

Mrs. Robert Randall, 2142 4 Devonshire, president of Canoga Park High School PTA announces that the March PTA meeting will be held March 20th at 7:30 in the school cafeteria at 6850 Topanga Blvd. Of special interest to all parents of senior students the meeting will feature a panel discussion by senior students on the subject of vocations, followed by a question period for the audience.

On March 13th a movie "The Boy with the Green Hair" will be shown to the High School students, sponsored by the PTA, proceeds of which will be used for the PTA welfare program.

At the Founder's Day Tea, thirteen past presidents since 1938 were honored and a honorary Life Membership pin was presented to Mrs. Esther West for her faithful 23 years of service in the Canoga High School cafeteria as manager.

A nominating committee was elected: chairman Mmes. Andrew Lewis, Scott Kirkpatrick, Earl McFarland and Neal Carl.

CHATSWORTH LAKE HILITES

Don't forget the IMPROVEMENT ASSOCIATION MEETING next Tuesday night at the Community Church, 7:30 p. m. We need better attendance at these meetings for the promotion of the welfare of our community. This month's HOBBY CLUB Meeting will be held at the home of Olive Hamlin next Wednesday.

On February 28th MRS. BILL SUMMERS entertained with a lovely luncheon and her guests were Lottie Hill, Beulah Huppert, and Olive Hamlin. They enjoyed themselves by recording their conversation and laughter on a tape recorder, then playing it back for their own amazement.

A couple of weeks ago, TESSA MASON'S SISTER, Dolores Gipson of Tulare came here to marry Benny Lack. Tessa and her husband Bud stood up with them and Dr. Hayward of the Community Church performed the ceremony.

MR. AND MRS. RALPH HARTMAN are home again, with Ralph getting around in a wheelchair having undergone amputation of a leg a couple of months ago.

The EVERETT MINER FAMILY took off for Alhambra on Sunday Feb. 26th, to help celebrate the birthday of his mother, Marietta Miner.

Four weeks ago, VICKI ROBINSON, 8, broke her arm while roller skating on a hill near her home, but as with youth, it is mending nicely.

Last Saturday, the CHATSWORTH LAKE COMMUNITY CHURCH held a picnic on their grounds to promote Sunday School and Church attendance for the month of March. Their Sunday School is entering a contest put on by the Sunday School Union, and hopes to walk off with a prize. Roxie Bennett was chairman of the affair.

On Tuesday, Feb. 21st, TESSA AND MEDLINE MASON, BONNIE WILLIAMS and HARRIET HARLEY had themselves a time: took in the Queen for a Day broadcast, luncheon at the Moulin Rouge, then dessert at the Brown Derby.

The FRANCIS HARLEYS are finally sporting that new Buick they have wanted for a long time.

Be loyal to the town you live in - our business people need your support.

Missile Project

Continued from Page 1

and destroy the target. Any evasive action taken by the target is immediately detected and corrective information is given to the missile.

A NIKE guided missile installation constitutes no danger to the area nor to the personnel of the unit itself. It is a safe as a gas station, as important to the security of the community as the police and fire departments. The warhead is constructed to explode only in flight. It has a self-destructive feature so that it will not crash and explode. Safety precautions are taken for storage of explosives and volatile fuels; assembled missiles are stored underground; fueling areas are surrounded by high earthen retentments.

Training of all NIKE guided missile personnel consists of three phases: initial training at Fort Bliss, Texas; on the job training at operational missile sites, and annual service practices at regular NIKE target ranges. At Fort Bliss, officers and enlisted men have specialized courses in technical instruction, familiarizing themselves with the entire NIKE system and operating one item of equipment. Then they are trained as a package and moved to on-site locations. During the time the men are at their 24-hour a day, seven day a week on sit positions except in event of enemy attack, each battery is given annual practices at permanent NIKE ranges located elsewhere in the United States.

Capt. Hardy pre-supposes that the construction of our installation will be completed in the fall of this year, and then we shall have more news for you. We appreciate this cooperation of the Army in enlightening our people on what is going on.

U. S. ARMY

The San Fernando Army Recruiting Station located at 206 S. Brand Blvd., which serves the Northridge-Chatsworth area, will remain open several evenings in the week and all day Saturdays as a convenience to day-workers, students and other persons seeking information on the various options for military service offered under the new Reserve Forces Act of 1955. Effectively immediately and continuing through June 30th, the station will be open until 8 p. m. Mondays, Wednesdays and Fridays, and until 5

p. m. Saturdays, according to Sgt. Orlando E. Martinez, station commander, phone number EMpire 1-2164.

"Career planning by young people has become confused of a lack of knowledge about the different courses open to them in fulfilling their military obligations. Young men, 17 to 26, are invited to visit the station with their parents to learn how the new Act affects their future. No obligation is involved, and if desired, the young man may take the 25-minute Armed Forces Screening Test.

PAT RILEY, 10422 Variel, is hand every Tuesday evening from 7:30 to 10 at Orcutt Park in the interests of volunteer service for Civilian Defense. Enrollment, pictures and finger-printing are all done with one stop so it would behoove all persons to take this initial step now in obtaining an ID card.

It seems that about half of Chatsworth has been laid low with this recent attack of virus and in many cases hit so hard that the doctors were called in. Take cheer, winter is the time to shake out the skeletons so when summer comes we'll all be primed to take advantage of good ole Sol.

MRS. CHARLES ADAMS entertained with a surprise party last Saturday evening, honoring her husband on his birthday. A buffet supper and dancing entertained the guests, and those who enjoyed this occasion were Messrs. and Mmes. Frank Dipietro, Richard Wells, Roy Handy, S. R. Ewalt, Al Clark, Robert Von Bergman, Al Benidetti and Irving Ham.

MRS. JOHN BALLOW of Fresno, twin sister of Mrs. John Campbell, spent the past weekend at the Campbell home. On Saturday they were luncheon guests of a former schoolmate, Mrs. Hunter Robbins at the Annandale Country Club in Pasadena. The ladies were all students together at Long Beach High School.

TED FULLER who underwent major surgery last Friday at the Northridge Hospital is now at home continuing his convalescence.

GLENN SMITH is in chin traction at the Northridge Hospital. He had suffered intense pains for the week previous and entered the hospital last Saturday for a muscular spasm condition.

CHUCK JANESS, president of the Chatsworth Chamber of Commerce, and ED HAUSER and his son ED have completed the Light Rescue Training Course for the Civilian Defense program. They are the only local residents to date who have received this training for volunteer rescue work.

Mr. and Mrs. PAUL RINER are enjoying an extended visit from Mr. Riner's brother Lester Riner of Milwaukee, who is seriously considering the possibility of making his home here in the southland.

Construction To Start

Construction of the new FOUR SQUARE CHURCH on Canoga Avenue will be started about the end of this month.

Day Of Triumph

This inspiring Lenten film was produced by Dr. James K. Friedrich, widely known for his many religious motion pictures and presented to the public through the cooperation of the Church Federation of Los Angeles.

Its initial showing to the public will be Friday, March 16th at ten theatres: State, Pasadena; Apollo, Hollywood; Gateway, Glendale; Rivoli, Van Nuys; Guild, North Hollywood; Wilshire, Santa Monica; Park, Huntington Park; Fifth Avenue, Inglewood; El Rey, Los Angeles; La Mar, Manhattan Beach. Tickets must be purchased through the youth groups of the Community Church, and you may also call at our office, DI 8-7643.

This outstanding picture reverently depicts such Biblical incidents as The Sermon on the Mount, The Last Supper, Christ's preaching to the fishermen at Galilee, the Conversion of Mary Magdalene, Raising of Lazarus, Lord's Prayer, Crucifixion and Resurrection. The plot deals with efforts of a band of Jewish zealots (today called "the underground") to wipe out Roman occupation of the Holy Land.

SUNDAY MESSAGE

Rev. Hughes' message from the pulpit of the BAPTIST CHURCH next Sunday morning will be "The Man God Uses" from the first chapter of the Book of Joshua. At the evening service Ed Iverson will present two Easter films on the Resurrection.

WOMAN'S SOCIETY TO CONDUCT SERVICE

Mrs. Harvey Livingston, Spiritual Life Chairman of the Conference Woman's Society of Christian Service will be the speaker at the eleven o'clock worship hour of the COMMUNITY CHURCH next Sunday, March 11th. Women of the local Woman's Society will conduct the entire service.

March of Faith

The Community Methodist Church and those who participated had a wonderful week when Rev. John Pearsall from Parker, Arizona was Chatsworth's guest during the week of Feb. 22nd to the 29th. The Larry Wells of 10001 Farralone opened their home to him and provided lodging and breakfasts, and others participating in making his stay with us an enjoyable one in providing luncheons and dinners were the families of the Woodmans, Fellows, Littles, Kelly Johnsons, Schokals, Bill Scheplers, Bergquists, Ralph Wells, Faskens, Hollenbecks, Haywards and a chinfest with our men at the Rotary luncheon.

Rev. Pearsall conducted the preaching mission each evening and on Sunday morning. On Sunday afternoon a potluck dinner was furnished by the various members which preceded the course of instructions for visitation late Sunday afternoon through Wednesday evening. Because of great illness among our people not as many were on hand as had committed themselves but those who did an excellent job of bringing Jesus Christ and His Church before the people were Dr. Hayward and Rev. Pearsall, Mr. and Mrs. Wm. Little, Mr. and Mrs. Larry Wells, Mr. and Mrs. Durk Haskell, Lila Schepler, Steve Carey, Will Dursteler, John Pauly, Lloyd Fellows, and Walter Erickson, with late refreshments supplied by the circles.

A total of 79 persons were called upon here in this 4-day period, and all of the Methodist churches in Southern California and a portion of Arizona, a total of 11,532 persons had been interviewed, with 1671 first decisions and 1,505 transfers of membership.

Dr. Hayward left yesterday for Parker, Arizona for their week of "March of Faith", along with all other So. Calif. ministers, and having had the first try here, all should go forth with much knowledge and practical experience in the way of bringing Christ to the people.

Those who have signified interest in becoming members of the Community Church will be taken into membership on Palm Sunday along with the pastor's class of children.

From The Book Of Life

"Let the word of Christ dwell in you richly in all wisdom..."

This is Christianity in action—living Christianity, for when the Christ is truly alive in us it is only natural for us to give forth our "psalms and hymns and spiritual songs, sing with grace in our hearts to the Lord." And oh, the songs! As a visiting minister, Rev. Pearsall from Arizona, said "Each song is truly a sermon in itself!" Listen to them, and you'll see. And as you go about your daily life, a kind word here, a consoling thought dropped there encouragement, compassion, or just plain friendliness, "whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him," for it is our Lord whom we serve, not men. As our Lord Himself tells us, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Tidbits

CHUCK AND MARCIA JOHNSON, Linda, Kathy, Mike and the twins, David and Steven, were Sunday dinner guests of Mrs. Johnson's parents, Mr. and Mrs. G. Baile on Devonshire and was the first time the twins, who are now a month old, have been out for a social engagement.

MRS. ESTELLE KEARNS enjoyed a visit this past week from her cousins, Mr. and Mrs. Herbert Metcalf of Eugene, Oregon, whom she has not seen for 18 years. They not only enjoyed the reunion but also visited many points of interest in the vicinity during their stay.

Miss Myrtle Shadwick of Covina and her sister, Mrs. Donald Brunmier (Glenda Shadwick) and three children of Bloomington were overnight guests of Kelly and Katharine Johnson Saturday. They are the daughters of Mr. and Mrs. C. C. Shadwick, old time residents here, and granddaughters of the pioneer N. A. Gray family who came to Chatsworth about 1880. They spent their girlhood here and needless to say have found many changes since that time.

MISS RUTH MILLARD of Los Angeles, former owner of Adriel Ranch now owned by the Lauritzens, paid Chatsworth a visit last weekend and stayed with Miss Sarita Goodwin and Mrs. Ruth Deichman on Jordan Ave.

ED BURGETT, 10353 Owensmouth, has been up in Ventura for the last three weeks staying with his sister and family. Ed, the victim of two motorcycle accidents is up and about now, being able to manipulate only one crutch because his right wrist is still in a cast, but things are looking up and one of these days the cast and crutch will be thrown away.

Lovely ELEANOR FAIRBANK, affectionately known as Patty, became of voting age on Feb. 18th and was hostess at a party for 55 of her friends on Saturday, Feb. 25th at her home on Chatsworth Street. Her great love for the moment is her secretarial service for one of the executives at North American in Canoga, and drives her own Buick convertible. Congratulations on your 21st birthday, Patty.

BOY SCOUT TROOP 26 enjoyed an overnight camp in Brown's Canyon last weekend under the leadership of Scoutmaster Chuck Croman. Many achieved awards for their camping merit badges with their activities at camp.

First house on right on Rowell, off Plummer, near mkt.; Chats. Lake.

Happy Birthday

Chatsworth has the distinction of having at least four residents whose birthdays occurred on Feb. 29th. In addition to Mrs. Annette Hughes who celebrated her birthday at a dinner party held at the Golden Bull Restaurant, Mrs. Viola Cook who was the guest of honor at a family dinner at the home of her parents, with friends dropping in during the evening with gifts and well wishes, there are two more. Mrs. Margaret Putrick would have had her fifteenth anniversary, but she, like Mrs. Hughes lost a birthday in 1900 and was royally entertained at dinner at Mike Lyman's and a performance of "Carousel" by her daughter, Jean Heyden of Hal Roach Studios. Mrs. Irvine Alward was surprised with a luncheon by her intimate friends on that day, and on Thursday friend husband took the day off and squired her about town and they had a lovely dinner, just the two of them.
