ROTARY HAS "LADIES NIGHT"

A great spirit of conviviality pervaded in the meeting of the Rotary Club Wednesday night, a week ago, at Chatsworth Center when the members honored their wives with a dinner on the occasion of "Ladies Night".

The sumptuous repast, of which seconds and thirds were available, was prepared solely by Mr. Al Brain of our 5 & 10, who spent two hot days in its fulfillment and when completed was indeed a gourmet's delight, from hors d'oeuvres and roast beef to chocolate icebox cake replete with whipped cream and nuts.

Affable Griff McKeeby presided over the festivities in his capacity as President and encouraged the group to thoroughly enjoy their night out from the cares of the day. Mr. Boggis led in the salute to the Flag, and Mrs. Loucille Hayward gave the invocation. Mr. McKeeby then turned the program over to Hank Crowley who introduced his daughter, Jacqueline Crowley, a teacher of Physical Ed. at Redondo Bch.

Jackie and three other teachers left New York on the SS "United States Lines" June 22nd for a summer tour of Europe, well-armed with letters from our Rotary Club to Rotary Clubs throughout their tour, written in the languages of the countries they were to visit. The hours and the days flew by quickly for the girls as they tried to assimilate as much of Europe as they could, renting a car to help them over the miles, sometimes separating with two

taking the car to other points of interest while it seemed that Jackie and a friend enjoyed the ruggedness of camping out, at one point discarding their luggage, and adopting knapsacks on their backs to leave their hands free. And, of course, no trip is complete without cycling with the natives, which vehicle is numbered in the thousands.

They were able to meet a few club members and be in their homes, and where the members were not at home or at their offices, our Rotary letters were left, and acknowledgements have since been received of the girls' goodwill tour. They found that languages studied from books did not serve them adequately in many instances, therefore, their requests were sometimes mis-interpreted.

Excellent slides were shown of points of interest throughout Germany, Holland, Switzerland, Ireland, etc. narrated in an easy manner by Jackie, completing their tour and returning to New York on Aug. 27th and to the southland on Sept. 7th - an ambassador of goodwill from our members of Rotary to their brothers across the seas.

The WEST VALLEY VOLUNTEER BUREAU is being opened today at 7132 Reseda Blvd., Di. 2-2696, as a clearing house for any free hours one may have in which to do welfare work, such as hospital, motor corps, child and youth.

ROCKETDYNE

Chatsworth was honored at a luncheon given at the San Fernando Country Club in Woodland Hills by Rocketdyne of North American Aviation, for the express purpose of enlightening those who attended with the extent and function of their vast operations. Those who met with several of the executives from North American were: Mdms. Jean Saal, Kate Sheridan, Viola Haskell, Mssrs. Griff McKeeby, Al Brain, J. Dean Park, Chas. Janess, Ben Boydston, and Robert Boggis.

Rocketdyne, we learned, is one of the seven divisions of North American, with its main office at Canoga Park, with branches in Downey and other states, covering a personnel in this one division of 8,500, with 7,000 in this area, of which 2,500 are up on the Hill.

Mr. Dave Juenke, Director of Public Relations mc'd the discussion period following the luncheon and introduced Mr. S. K. Hoffman, General Manager of Rocketdyne, who gave the group a general view of their immense operations, specializing in the design, development and production of large liquid rocket engines. Their testing facilities on the hill are expanding

rapidly; they are concerned and are making every effort to minimize the noise of their operations, with sites for large-scale production elsewhere. The building in construction now across from the main office on Canoga Avenue will be their material and purchasing plant.

Mr. Ladd, assistant to the Gen. Mgr. of Atomic International, explained the experimental work going on in this sub-division, pointing out that they are engaged solely in peacetime application of nuclear physics and power development (the only such non-military plant in the world) for medical, industrial and scientific pursuits of purpose; whose talk was supplemented by Dr. Farris explaining the use of uranium as fuel in their present SRE operation (sodium reactor experiment). Our resources of coal and gas are gradually being depleted and these experiments are taking place now to fill the need for electricity in the years to come, at which time its cost will be comparable to our rates today. Organic reactor

ROCKETDYNE, continued from page 2--

experiments are going on now in Idaho. The development of their findings have been put into use by many concerns throughout our country as well as Japan and Denmark. Atomics International will soon occupy a new building in Van Nuys, presently utilizing the services of 1,450 people.

Mr. Cecka, Chief of Engineering Tests on the hill, explained the operations of the turbojet and ramjet engines powered by oxygen which limits their ultimate capacity to 90,000' in the air; the solid rocket and pressurized liquid rocket engines. The pump-fed liquid rocket is the one being fired now. The overall operations of Rocketdyne is the building of power for outer space.

In the questions and answers which followed, the problem of heavy traffic on Plummer Street was discussed between the President of our Chamber, Chas. Janess, and Mr. Thompson of their Traffic Department, who explained that aerial surveys have been made and every effort is being made for additional arteries of traffic. Guard stations have been increased to direct its flow.

Mr. Clark of the Fire Prevention Department was justly proud of their record in fire prevention, with a personnel of 50 people, with trained auxiliaries available.

Our Mr. Boggis of Topanga Canyon Blvd. submitted this poem which he composed to show his appreciation for the progress being made in our world today, which was read before the group and given to Mr. Cecka who announced that it would go on the Bulletin Board - and we believe it can speak for all of us:

The ICE-CREAM SOCIAL of the American Legion Auxiliary Wednesday, a week ago, was a great success financially for their Rehabilitation Program which helps the children of war veterans. Scoops and scoops of ice cream, donated by Franilla Corp. with homemade cakes were enjoyed by everyone in addition to punch and coffee. The Girl Scout Mariners waited on tables and the entertainment, presented by children, in square-dances, songs, etc., was greatly enjoyed on this lovely, balmy evening. Have one again, real soon, before the cold weather sets in.

IT'S COMING! Joan Fasken says the Membership Drive for the school is from October 9 to the 17th and their slogan is: 100% membership is our mark, for parents and friends of Chatsworth Park". So fill the little envelopes that your children will be bringing home next Monday.

Mr. and Mrs. Robert Maybin are the new 4-H Club leaders!

O Rocketdyne, O Rocketdyne,
We are glad to know you're there,
The noise you make is music
For it notes progress in the air.

So keep the "hardware" popping
In those hills so near at hand,
For your scientific knowledge
Will keep freedom in our land.

Here is a toast to you at Rocketdyne,

You men who lead the way
In the science of propulsion,
Which is the problem of our day,

--Robert P. Boggis

Next Tuesday, October 9, on the anniversary of Aimie Semple McPherson's birthday, UFW (United FOURSQUARE Women) will meet in a World Day of Prayer. The meeting for the Verdugo District will be held at the Chatsworth Foursquare Church from 10:00 'til 2:00. Bring sack lunch -- coffee and tea will be furnished and the public is invited.

Our Mayors ROY ROGERS and DALE EVANS will be the special featured guest-artists at the monthly San Fernando YOUTH ROUNDUP at the Van Nuys Baptist Church next Saturday night. There will be a huge turnout for this evening's Roundup, so it is recommended

that you come early to get a good seat. The Roundup starts at 7:30, and those who need transportation meet at the Baptist Church here on DeSoto at 6:30.

LOUIS ZAMPERINI, former long distance track star of USC, will be the guest speaker at the evening service next Sunday at the Community METHODIST Church, starting at 7:30 p. m. He will relate his experiences as a captive in the last war and his decision for Christ. An old-fashioned songfest and quiz contest will precede his message. Come early!

CECIL and CAROL WOODALL are the happy parents of a baby girl, Deborah

Kay, born near midnight at West Valley Hospital last Thursday, weighing in at 6#12oz. Baby and mother came home on Sun.

Mr. and Mrs. HAROLD JOHNSON were overnight guests of their son and wife, Eddie Johnson of Buttonville, Sunday motoring thru for the 40th wedding anniversary of C.Gray.

The KNOLLS MENS CLUB wishes to thank the following for their support and contributions to the Bar-B-Q dinner given for Knolls Youth Club Sunday, September 30: Chatsworth Rotary Club, Chatsworth Department Store, Morrow Shoe Repair, Bill Dempsey (turkeys), Chatsworth Pharmacy, Frank Ghiglia (rancher), and Elmer Madigan.

John Konigsfeld, Pres.
Knolls Mens Club

One thing about the Grapevine -- we're either clear ahead of ourselves or way behind. We had the Mr. and Mrs. Ed Roach's home in Chatsworth before they even left England!! However, they arrived safe and sound last Friday, hale and hearty from a wonderful 4-months vacation in England.

President Mrs. Robert Randall and vice president Mrs. Scott Kirkpatrick met with CANOGA PARK HIGH SCHOOL Principal Henry O. Dyck to make final plans for the first PTA meeting of the year to be held at the high school cafeteria October 9, Tuesday at 7:45. The program will have special interest for all parents of students who have just entered high school as the program will deal with such questions as "What kind of course shall my chi'd take" "Is an art course best for him" "What about engineering" Music will be presented by students under direction of Alfred Singer. Refreshments will be served by hospitality chairmen, Mmes. Robert Kemper and Roy Webb. Theme for this year--"Marching Along Together".

RICHARD W. HOPKING, son of Mrs. Sarah Hopking took unto himself in a simple double-ring ceremony, Miss Nellie LaValle Goree, daughter of Mr. and Mrs. B.F. Hill of Wichita Falls, Texas, at the home of Mr. and Mrs. Tom Somerville last Sunday afternoon with Dr. Harold Hayward officiating.

The bride wore an aqua suit and a corsage of yellow roses, and a small black hat. She was attended by the groom's sister, Miss Patricia Hopking.

The groom has been a resident of Chatsworth for twenty years, attending our Elementary School and graduating from Canoga High. He served three years in the Navy and is now employed in Maywood in which township his bride is also employed and where they will make their home.

Guests for the wedding and reception were Messrs. and Mdms. D.S. Morgan of Los Angeles, J.M. Roberts of Newhall, aunts and uncles of the groom, Robt. Owens of Canoga Pk. Robert Swartz of Van Nuys, and Chas. Johnson, James Summers and Dr. and Mrs. E.M. Miner, all of Chatsworth.

A JUNIOR AUDUBON SOCIETY has been initiated in the Junior Church of the Comm. Church through the inspiration of Mrs. Hayward and her Adult SS Class. At the Adults' monthly meeting, outstanding guests were Rev. and Mrs. DOSS of Redlands with their TWELVE children, the international family of little ones whom nobody wanted. (Their book on this is available at the public library.)

Try to make an effort to attend the IMPROVEMENT ASSN. meeting on the night of Tuesday the 9th. The HOBBY CLUB will meet on Wed. the 10th at the home of Roxy Bennett and we'll honor the birthday of Elzada Ball.

CAROLYN ARTER was married in Tonopah, Nevada, on Sunday, Sept. 23, to Gabe Mendez of Reseda. Gabe is in construction work and Carolyn is employed at Woolworth's in Reseda. They plan to make their home there.

Doc and Poli SILCOX just returned from a two-weeks stay at Morrow Bay where they went to take Doc's brother, who recently suffered a stroke.

On the week-end of the 23rd, Bud and Tessa and Madeline and Arvy MASON and June and Bob KVEUM with two other couples went to Lake Isabella to enjoy water skiing.

Larry WILSON from Hamilton Airforce Base, is home on a 30-day emergency leave to lend assistance to his father Olaf Wilson who is recovering from his recent illness.

Ann STALLCUP was honored with a baby shower on Wednesday, Sept. 26. Her mother, Ruth Wilson, was the hostess and though many who were invited could not attend for one reason or another, she received many lovely gifts. Those who made it were Billie Jack from San Fernando, Margie Fanning, Carolyn Mendez, and ye correspondent.

Anybody want to take a chance on a quickly-bough Motor Bike, im-

ported from England? They can be had for \$1 each. It seems that Frank Tropper, 86 years old, who lives by himself in back of the gas station, wanted to get some means of transportation to get him to church and back, so he bought this motor bike without first trying to ride it. Paid \$210 cold cash for it. When he discovered he couldn't ride it, Doc and Poli Silcox took him back to the place where he purchased it and they refused to take it back-- a sale was a sale. So now he is stuck with it, hence the raffle. When 200 chances are sold he said if he can get at least \$125 back on it, he will donate \$75 to the Playground up here. It's a worthy cause, so why not drop by and buy a chance--at Vic Wacha's gas station.

The Olaf WILSON's dined out at Chatsworth Lake Cafe on the night of September 28.

CHATSWORTH FLORISTS were awarded 2nd place in each of their two floral displays at Devonshire Downs--one the Spanish Fiesta scene, and the other a black and white Wedding Reception group. The Floral Association particularly asked to take pictures of their displays for their monthly magazine, which honor pleased the Crowleys immensely.

TEENAGE DANCE October 13 at Chatsworth Center. Call DI 8-2563 if you've any new ideas about making the dance a great, big hit.

The ED AHLSTROMs, Chuck JANESS', and the Orval MITCHELLs left last Firday night and spent the weekend camping out at Munz Lake above Elizabeth Lake.

Ray and Rosemary JOHNSTON left last Friday night for a camping trip up along Pismo Beach, Fort Bragg and Eureka, where Frank and Lillian Schepler (of hamburger stand fame) will join them as they complete the trip through Lassen, Tahoe, San Francisco and home about the 20th.

Walter and Madge LOHMAN returned home last Thursday from their golfing tour of the courses from here to Redding and down to Monterey, Del Monte, Alisal at

Solvang, etc., but found their greatest enjoyment and challenge on the golf course at River View Country Club at Redding. Brother Lohman is passing this on to you other golf enthusiasts.

We all go along smug and secure in the latest scientific developments which we enjoy in our homes but do you know that some people here in Chatsworth do not even have electricity?? Well--they've had their own generators but the Edison Company is putting through their lines through Devil's Canyon from Twin Lakes over to the homes on top of the mountain and so, as of the end

of this month, they too, won't have to worry about getting home before it's dark to start up the generators. We are a little back-woosy in spots, eh what?

The Durstelers on De Soto with sister Gertrude Bergstrom left Sat. for a 2-week vacation in Alabama.

PAMPAS GRASS now is so lovely but Mrs. Redner, visiting the Glenn Smith family on Vassar has a warning: she walked through the kitchen with a bouquet of it, not even near the stove, but suddenly it ignited, proving that pampas grass is highly combustible.

FRIENDS of VIRGINIA HOLLAND, formerly of 21004 Nordhoff, rally forth: Virginia, daughter of Mrs. Forkner still at the above address, is now Mrs. Olson, and has contracted polio. She is in Glendale Sanitarium and would appreciate letters from her friends to while away the lonely hours.

BILL and OLETA JONES of 22422 Lassen returned last Thursday from a 2-wks. around the Ozarks, visiting friends and relatives and familiar sites.

TURKEY DINNER and BAZAAR of Comm. Church set for Nov. 9th.
