THIS WEEK'S PROGRAM

This is the day that every Rotarian has been looking forward to. Yes, this is the first visit to our club by Governor Leon Edgar. Each and every one of us will have the opportunity to discuss and learn about Rotary on a club and district level. Let's have 100 percent attendance for Leon!

THE WEEK THAT WAS

Mr. Bob Sears from the Pacific Telephone Company showed us slides and told us about the New York Worlds' Fair.

President Clif won the first prize of five bucks, and our Sergeant - at - Arms, Doug, won the second prize donated by Ray Hultman.

Mert Cooke stated that he had not received his membership card yet from the Secretary, but Ross informed the club that not all the members have paid their dues to Dean. Let's hope this is straightened out so that we will all have our membership cards for the next meeting.

Secretary Ross passed out the perfect attendance pins. Doug paid for his new car. Polk announced that he is planning a meeting for our club on October 21 at the San Fernando Valley State College which will be a lunch and a tour of the College. It was good to have our Honorary member, Roy, with us.

THE VISA PROGRAM

Dr. George Lorbeer, committeeman for International Students, attended the District VISA Conference on September 19, and reports to us: The main purpose of the VISA program is to get foreign students who are studying in America to learn how Americans really live. They can not do this by staying in school dormitories, working in school libraries, and attending school classes.

The real American can not be learned by reading the papers, watching television, or an occasional trip to commercial recreation and play centers.

Where is the "real America"? It is in the homes and hearts of the American family! In order that foreign students learn how we really think it becomes mandatory that we get the students away from the confines of the schools walls and into the homes and the community.

In order to do this the VISA program by local Rotary Clubs in California was established. VISA in Rotary means Visiting International Students' Activities.

In order to foster International Service and improvement of world understanding by interest in International Students, and while doing so, provide Clubs, the families of Rotarians, and their communities with a program that would bring close personal contact with students from other lands. Ten districts of California and Northern Nevada have now incorporated to help promote the program.

The VISA program is basically for the undergraduate student. Rotary Foundation is for the graduate student. Consequently there is no conflict of interest.

What our club hopes to do is: 1. We are contacting the local schools to survey prospective foreign students. 2. We will ask for volunteers to host several students for a week-end, evening or holiday at their mutual convenience. 3. We hope that we may have one or more students visit us for a luncheon meeting during the year so that we can learn about them as well as teach them something about us.

There are 60,000 foreign students in the United States today. What a golden opportunity we have of showing them America! Will you help?

SCUTTLEBUT

Curly and Dorothy had a vacation in Palm Springs. Doug and Lucille took off in their new Lincoln and visited Goldwater country, but found a Johnson card for the Editor! Roger and Pat tried their luck at Keno in Vegas. Clif and Ted Todd had breakfast at the Woodland Hills bowling alley and laid plans for the United Way Drive. Our new Councilman, John P. Cassidy, has selected our community to live in. And by coincidence he has rented the home on Canoga Avenue of former Rotarian and Past President Bill Dempsey. Past District Governor Charlie McCarthy and his Rotary Ann Agnes, because of the recent tragic family accident, are raising their grandchild in her familiar surroundings at 1349 Dovewood Lane, Fresno, California. Why not drop Charlie and Agnes a line? Our former Club President Griff McKeeby tells us that the Panorama City Rotary Club is now meeting at Phil Ahns Moongate.

THIS IS INTERACT WEEK

Many clubs within our district have been most successful in their efforts to create more INTERACT clubs within the district. This is a worthy project and these INTERACT clubs are engaged in activities that are rapidly expanding international exchange programs involving visits, work and study in other lands, correspondence and the exchange of a wide variety of articles. They are undertaking literacy campaigns, school house construction, tutoring services for fellow students, the establishment of libraries and book banks, helping fellow students with drop-out problems to stay in school until graduation, work with handicapped, help to delinquent and needy children, recording of spoken text books for the blind and many other worthy activities.
